SWOT

analysis

Strength:

I like to learn new things, and this helps me to keep gaining new knowledge and skills all the time. Because I discovering different topics, I am always curious. and want to understand which makes my learning more meaningful

Weaknesses

I sometime find it hard to finish my work on time, which can cause delays and stress especially when I have many task to complete. when leave things for last moment which affects the quality of my work and overall performance

OPPORTUNITIES

There are many chances for me to improve and grow because I can access a lot of learning resources like online courses, workshops and seminars . These opportunities help me gain new skill and keep up with the latest updates in my field of interest

THREATS

If I continue to delay my work, there is a risk that I might fall behind in my studies or other responsibilities. This could cause a backlog of unfinished tasks, which would increase my stress levels and make it hard to catch up.

My vision

My vision in life is to become a Person who lives purpose, honesty and confidence. I want to use my knowledge skills and creativity to make a positive difference in the world. I believe that success is not just about achieving goals, but about growing as a good human being. my aim to keep learning new things, and improving myself

My mission

My mission is to become a skilled and responsible computer engineer with a strong focus on the Internet of Things (IoT). As a first-year student, I aim to build a strong foundation in programming, electronics and problem-solving. I want to learn how technology can be used to make life easier for around the world

My Dream Job

My dream job to work at Google, one of the world's e, one o leading technology companies. I want to be part of a team that Creates innovative solution using AI and IOT to make life Smarter and easier for people around the world

Thank
you!
